Dear Mr.Stefani Jean-bernard,

I am writing to apply for the Phd position advertised in the INRIA website. As requested, I enclose my cv and diplomas. The subject matter is very appealing to me, and I believe that my strong technical experience and education make me a highly competitive candidate for this position.

I have successfully designed, developed and supported live-use applications during my master formation. I strive continually for excellence and i learned a lot about cryptography and how to secure networks.

With a Master degree in Computer science (Artificial intelligence), I have a comprehensive understanding of the full lifecycle for software development projects and i master plenty of tools in order to optimize tasks in programs. Please see my resume for additional information on my experience. Thank you for your time and consideration. I look forward to speaking with you about this employment opportunity. Sincerely,

Moulai Hassina Safaa.
